Kodak S3000 Max Series Scanners

MAXimize your digital transformation

Accuracy, productivity, and security simplified and elevated

To optimize and protect your business processes, your digital data needs to be accurate, secure, and easily accessible. **Kodak** S3000 Max Series Scanners are here to elevate these must-haves and deliver production-level volumes with the simplicity and compact size of desktop units. Make the absolute most of your information: faster and more reliably.

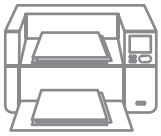

Unsurpassed image quality streamlines your processes

- Capture the sharpest images to extract the most accurate data for applications via OCR, searchable PDF, and barcode reading
- Be ready for the demands of business automation with RPA-optimized files
- Eliminate background noise and transform less-than-ideal originals into sharp images with built-in Perfect Page technology and Dual Light Illumination
- Streak removal, background smoothing, image edge fill, and more automatic image enhancements
- Add a custom string of text on your documents via the built-in digital stamping feature or optional post imprinter accessory

Superior paper protection and security

- Advanced Intelligent Document Protection (IDP) and multi-feed detectors catch and alert you to paper feeding problems to ensure all your documents are scanned without damage or skipped pages
- Straight-through or U-turn paper path with adjustable feeder pressure for streamlined, safe document handling
- Feed a wide array of paper sizes, shapes, and weights in any batch faster with capture speeds up to 140 ppm
- Large 500-sheet feeder and output tray, plus controlled exit stacking to speed post-scan processing
- Secure-boot solution, encryption over wire for network traffic, and USB 3.2 with Gen 1x1-compatibility
