Kodak i4000 Series Scanners

Built to stay busy

Flawless information capture for big jobs

Your busy mailroom, back office or service bureau needs the most productive, accurate, and reliable information capture solution in the market. **Kodak** i4000 Series Scanners are the right fit for your most demanding jobs.

Designed to keep pace with how work is done today

The i4000 Series offers a host of features combined with our exceptional image quality to help you deliver high productivity. Get crisp, clear images even with challenging originals, thanks to Perfect Page technology and our Dual LED technology which produces high OCR read rates for industry leading data extraction precision without sacrificing scanning speed.

Dependable expertise to empower any business

Our exclusive SurePath paper handling technology feeds virtually any document in almost any condition for unbeatable reliability. The i4000 has four layers of document protection to safeguard your important documents.

- Length detection protects against papers getting overlapped and appearing as one long document
- Double document detection also ensures that only one document enters the scanner at a time, which is especially helpful when a small document sticks together with a larger document
- Intelligent document protection “listens” for crumpling sounds and immediately stops the scanning process
- Metal detection prevents missed staples and paper clips from scratching the scanner glass

Flawless integration that saves time and money

The i4000 delivers business value by finding the fastest, most efficient ways to enhance your workflows. With multi-zone barcode recognition, the driver reads barcode values to extract metadata, enabling easy integration into your line of business applications.

Enhance your investment with **Kodak** Info Input Solution, the industry’s most intuitive web-based interface that automates and simplifies the journey from document arrival to processing quickly, accurately and reliably.

Effortless user experience

Kodak Alaris provides an intuitive interface, one-touch scanning, and other ease-of-use features, for a simplified user experience.

Smart Touch technology utilizes the scanners control panel to automate frequent scanning tasks like processing on-boarding applications, invoices and more. Quickly and easily transform documents into a text searchable file which can be stored locally on your PC or directly into a cloud-based repository, all with a touch of a button.

Adaptable solutions for your ever-changing workplace

Kodak Capture Pro Software provides intelligent batch capture capabilities that increase productivity and improve efficiency:

- **Intelligent Exception Processing** ensures immediate validation of forms so any missed information at the point of transaction is identified and fixed, resulting in better customer outcomes and greater revenue potential
- **Intelligent Barcode Reading** produces the most accurate data extraction results and takes complexity out of the set-up process

Get the best possible performance from your scanners and software with a full range of world-class service and support options to protect your investment and keep productivity at peak levels.

Kodak i4000 Series Scanners

Features	
Throughput Speeds* (landscape, letter/A4 size, black and white/grayscale/color)	**i4250**: 110 ppm/220 ipm **i4650**: 145 ppm/290 ipm **i4850**: 160 ppm/320 ipm
Recommended Daily Volume	**i4250**: up to 65,000 pages per day **i4650**: up to 100,000 pages per day **i4850**: up to 150,000 pages per day
Acoustical Noise (operator position sound pressure level)	Standby: <40 dB(A) Scanning: <63 dB(A)
Power Consumption	Off/Standby/Sleep mode: <0.5 watts; Running: <21 watts; Idle: <14 watts
Feeder Capacity	Up to 500 sheets (20 lb. / 80 g/m2) paper; handles small documents such as ID cards, embossed hard cards, business cards, and insurance cards
Connectivity	USB 3.0 Certified
Dimensions	Height: 34.79 cm (13.7 in.) Width: 48.9 cm (19.2 in.) Depth: 46.73 cm (18.4 in.) - with tray closed Depth: 61.30 cm (24.1 in.) - with tray open
Electrical Requirements	100-240 V (international), 50/60 Hz
Supported Operating Systems**	WINDOWS, LINUX
Bundled Software	TWAIN, ISIS, WIA Drivers; Smart Touch, or **Kodak** Capture Pro Software Limited Edition (via web download)
Optional Software	**Kodak** Capture Pro Software Group DX (i4250), Group E (i4650/i4850), **Kodak** Info Input Solution (WINDOWS only)
Warranty	90-Day, Onsite, Next Business Day

*Throughput speeds may vary depending on your choice of driver, application software, operating system and PC.
